Dear Parents

The School Council representatives have been working hard to generate new ideas to support the local community and charities in and around Wednesbury. The School Council would like to thank you for the winter donations as it really did make a difference to the people of Birmingham, who do not have the same amenities we have.

As Easter is fast approaching, the School Council would like to ask for donations of Chocolate Eggs, however big or small to support once again the Midland Langer Seva Society. This charity aims are to help the homeless and provide food / hunger relief to those that are in need.

The School Council would like to ask all children at Old Park to donate at least one chocolate egg before Wednesday 5th April 2017.

If every child in each class in Year 1 - 6 donated one egg, as a school, we would be able to donate 420 chocolate eggs! This would be an amazing achievement and something the School Council would really be proud of in trying to make a difference.

Your child's teacher will collect in your kind donations and a small staffing team will take the donations to the evening event, held by Midland Langar Seva Society to aid in giving out the chocolate eggs.

You and your child can begin to donate now and the closing date for Chocolate Egg donations need to be received by Wednesday 5th April 2017.

Old Parks School Council representatives would like to thank you for all donations received and hope to make a difference to someone over the Easter period.

Mrs T Boddington
Headteacher
