

School dinners

If you receive an email stating that there has been an amendment/cancellation to the school dinner menu, can you please log onto SchoolGrid and re-order. Please ensure you pre-order your child's meal, this can be done on a termly basis, if pre-orders are not made then your child will only receive a jacket potato & salad. Please also delete meals if your child is off school, the office can do this if you miss the 9.30am cut off.

The halal option is only available on certain meals, if the meat option is halal then you will be given the choice to pre-order halal or non halal. If this option is not available, then presume the meat option is not halal. Thank you for your co-operation, Dolce catering
